Attention: Lori Schott  
4810 N. Loop 289  
Lubbock, TX 79416

*Thanks You For Your Support.*

**STATISTICS**

Coronary heart disease is America's No. 1 killer. Stroke is No. 3 and a leading cause of serious disability. That's why it's so important to reduce your risk factors, know the warning signs, and know how to respond quickly and properly if warning signs occur.

**HEART ATTACK WARNING SIGNS**

Some heart attacks are sudden and intense — the “movie heart attack,” where no one doubts what's happening. But most heart attacks start slowly, with mild pain or discomfort. Often people affected aren't sure what's wrong and wait too long before getting help. Here are signs that can mean a heart attack is happening:

**Chest discomfort.**

Most heart attacks involve discomfort in the center of the chest that lasts more than a few minutes, or that goes away and comes back. It can feel like uncomfortable pressure, squeezing, fullness or pain.

**Discomfort in other areas of the upper body.**

Symptoms can include pain or discomfort in one or both arms, the back, neck, jaw or stomach.

**Shortness of breath with or without chest discomfort.**

Other signs may include breaking out in a cold sweat, nausea or lightheadedness.

**STROKE WARNING SIGNS**

The American Stroke Association says these are the warning signs of stroke:

Sudden numbness or weakness of the face, arm or leg, especially on one side of the body

Sudden confusion, trouble speaking or understanding

Sudden trouble seeing in one or both eyes

Sudden trouble walking, dizziness, loss of balance or coordination

Sudden, severe headache with no known cause

These facts, as well as other helpful tools can be found online at [www.americanheart.com](http://www.americanheart.com)

# HEART CLASSIC | 2010

MONDAY MAY 24, 2010 LUBBOCK COUNTRY CLUB

4-PERSON SCRAMBLE

1:00 PM FLIGHT

The Annual Heart Classic is an exciting way you and your company can contribute to fighting heart disease and raising awareness within our community.

Lubbock Heart Hospital and The American Heart Association® are committed to fighting heart disease and stroke as well as raising awareness of these diseases. As part of our mission, we focus on specific causes designed to help people achieve a heart-healthy lifestyle. Each of our cause initiatives reaches out to the public with resources and information to help them take positive action.

## VISION

To lead the region as a premier cardiovascular hospital providing advanced standards in healing.

## MISSION

To promote cardiac care and specialty medical services in a first-class facility where talented and compassionate staff, physicians and associates collaborate in a trusting partnership.

## VALUES

Will be committed to providing highest-quality, affordable cardiac care to the people we serve.
